Association of State Energy Research &  
Technology Transfer Institutions

[www.asertti.org](http://www.asertti.org)

**ASERTTI** promotes energy efficiency and clean energy applied research and commercialization through state, federal, and private collaboration on emerging and breakthrough energy technologies.

ASERTTI members implement over \$3 billion in energy programs and projects annually. ASERTTI helps expand and leverage our members' valuable resources.

## Membership Benefits

Strategic support for partnership development among research centers and industry partners

Dissemination of R&D results and promotion of advanced technology deployment channels

Identification of funding opportunities

Representation in Washington, DC on the advancement of clean energy research priorities

Regular updates on federal and state legislative, policy, and funding impacting clean energy

## Focus Areas

ASERTTI offers members access to a wide range of R&D resources from beyond their local networks to support broader tech transfer. Through key collaborations within three focus areas, ASERTTI helps to disseminate results of member organizations' technology R&D to state, federal, and other national stakeholders. Focus areas include the following:

1. Building Technologies
2. Energy Storage
3. Renewable Energy
4. Industrial Energy Efficiency

## Collaborative Projects and Programs

Net-Zero Energy Commercial Buildings Consortium

U.S. / China Exchange Program on Efficient Buildings

Marine Energy Technology Advancement Partnership

## Recent Committee Activities

ASERTTI Buildings Committee abstract submission, *Smart Grid Research: Building Infrastructure for the Future*, accepted for ACEEE 2012 Summer Study on Energy Efficiency in Buildings.

Congressional briefing on industrial energy efficiency to House Manufacturing Caucus (Nov 2011).

## Member Organizations are:

State energy agencies  
University energy centers  
National laboratories  
Non-profit organizations  
Municipal energy agencies  
Utilities

## ASERTTI Committees
